Boggling how #NYC city planners, w/ @NYC\_DOT, @ydanis didn't see all the overhead space, incl over Belt Pkwy, which could be used for alternative transportation - bikes, walking, skateboards. Instead, lanes taken away from cars, to add more factors to crowding & bad drivers.

Why does media report Putin's words as if it's an actual war? It's an invasion by Russia, and persons invading are defending their homeland. Imagine someone entering your home, then they get PR, to mouth off about when they'll leave, if they'll leave. #RussialsCollapsing

Does #KateGate have anything to do w/ nazi-like barbarians Netanyahu AND Putin, who are making #Gaza & #Ukraine families dead or uncomfortable AF, displacing families for more real estate & greed? If not, KateGate is not as important as #UkraineRussiaWar #GazaHoloucast!
